Introducing Azad Kashmir

Azad Jammu & Kashmir is liberated part of the State of Jammu & Kashmir. It has an area of 5134 sq. miles or 13297 sq. kilometres. It lies between longitude 73-75 and latitude 33-36. The topography is mainly hilly and mountainous with valleys and plains at some places. Climatically Azad Kashmir enjoys a considerable measure of variety. North and North Western mountains are extremely cold in winter while the summer months of April to September are very pleasant. The plains of Mirpur, Kotli and Bhimber are extremely hot in summer with a cold and dry weather in winter. Rains are moonsonic generally and average rainfall is approximately 150 centimetres in the area.

The main rivers are Jhelum and Neelum. Jhelum river comes from verinog spring (occupied Kashmir) and Neelum river comes from upper area of Neelum vally (occupied Kashmir). There is another small river called Poonch river which flows through Kotli distt. comes from the mountains of occupied Kashmir and joins river Jhalum at Mangla. Azad Kashmir comprises of five districts namely muzaffarabad, Bagh, Poonch, Kotli and Mirpur. Muzaffarabad city of the Muzaffarabad distt. is the capital of Azad Kashmir and biggest district also both in respect of population and area.

The area has an agricultural economy mainly dependent upon rains. Maize, Wheat and Rice are the main crops of Azad Kashmir. Among fruits, Apples, Apricots Peaches, Walnuts, Almond, Plums, Pears, Cherries, Strawberries, Bers and citrus are grown in different parts of the area. Natural resources are not yet fully explored, but some production of coal, Mica, Limonite and Fireclay has been made. Industry sector which lagged behind in the past, is now being given special attention. Textile industry, Ghee and light engineering industries have been set up at Mirpur and Match Industry at Muzaffarabad.

Urdu is the official language of Azad Kashmir besides Pehari, Punjabi, Gojri, Hindko, Kashmiri, and Kohistani languages spoken by the people of Azad Kashmir. There are two old forts in Muzaffarabad city and historical monuments of Buddhist University at Sharda 136 Kilometres away from Muzaffarabad on Muzaffarabad-Sharda Road are the sites which remind the rich and glorious past of the people of the area.

The population of Azad Kashmir is 1980,000 according to 1981 census which is estimated to be 23,86,000 in 1988. Out of this population, 10,21,903 persons are males and 9,58,163 females (1981 census). The rural population is 91% of the total population whereas the literacy rate is 28%.

The area under forests in Azad Kashmir is about 553,297 hectares which is 42% of the total area as compared to only 3% in Pakistan.

Places of interest

Azad Kashmir due to its high mountains, lush green forests and beautiful valleys has too much attraction for tourists. The prominent places of interest are mentioned below:

1. Muzaffarabad.

Situated on the confluence of River Jhelum and River Neelum in the North West of Azad Kashmir, lies the city of Muzaffarabad, the capital of Azad Kashmir, 140 kilometres away from Rawalpindi. Muzaffarabad lies on half way between Rawalpindi and Srinagar. It presents very beautiful scenic spot. Prominent places of interest include two old forts, new Secretariat building, Lalalabad garden, High court building, Assembly building and Nural Rest House-Muzaffarabad. Site for construction of Azad Jammu & Kashmir University has been selected and construction work is in progress.

2. Rawalakot.

Rawalakot city is the head quarter of district Poonch, (now divided into two districts Poonch & Bagh). It is situated at an altitude of 1615 metres (5000 feet) above sea level in a valley almost 10/15 kilometres long and wide. Surrounded by high and green clad mountains, this valley is full of natural flora and fruit orchards. Its cool pine air, fascinating scenic beauty and flower filled slopes are some of the gifts which nature has bestowed on this land very generously.

3. Kotli

Kotli city is the head quarter of district Kotli. It is also situated in a spacious valley surrounded by green clad mountains and Poonch river flowing through the valley. It is 137 kilometres away from Rawalpindi. Its land is very much fertile and almost every kind of fruit and vegetable can be grown there. The people are famous for their hospitality and friendliness.

4. Mirpur.

Mirpur is the largest city of Azad Kashmir. It is 40 kilometres away from Dina (Distt. Jhelum) and 136 kilometres away from Rawalpindi. The old city of Mirpur was drowned under the dam. The new city has been constructed according to modern designs and architecture. It has so many beautiful official and private buildings, Mangla dam which is one of the

largest earthen dam in Asia and provides both water and electricity to the people of Azad Kashmir and Pakistan, lies just adjacent to the city of Mirpur.

5. Bhimber.

It is situated 48 kilometree away on northern side of Gujrat city. This is quite historic place and scholars identify it to be the death place of Mughal Emperor Jehangir. The Mughal Emperors used to pass across Bhimber while going and way back from Kashmir. The Emperor Jehangir while his way back to Delli, died over there and his stomach alongwith other internal parts were buried in Bhimber. The remains of old Mughal Forts, Baths, Baowelis and other buildings are still seen in the town.
